Fremantle Club Congress Sunday June 10th 2018
Thanks to the hard work of some wonderful members of the club, Fremantle held a very happy successful Congress last Sunday.
Many thanks to Director Neville Walker who ran positive sets of boards and thanks also go to the vivacious barperson who doubled as the photographer.
The winners of the Final were Clyde England and Roman Gdowski, followed closely by Mark Doust & Maura Rhodes in second place.
Winners of the Plate were Cassie Morin and Leon Randolph.
Thanks are also extended to Laurel Lander and Florence Slater who stepped in at the very, very last minute when a pair did not show up.
However, a huge success of the day was due to the magnificent spread of food supplied by the members. It was mentioned many, many times.

And finally, mention must be made of the few who gave up their day to keep the coffee flowing, the plates full and the cups continually cleaned. To Joyce, Paula, Jenny, Kaye and Rosalie – you are all amazing people and tremendous club members.

Building Upgrade
Substantial enhancements to the Freemasons Hall are being undertaken. Our kitchen area and both toilets are part of the planned refurbishment. This may result in minor inconvenience in the short term.

Modification to our social area is also being undertaken, partly funded by our recent LotteryWest grant.

Any old sofas?
If any member has an old sofa or lounge they want to donate to the Fremantle Bridge club please let a committee member know and we can arrange collection. We'd like to set up a reading nook near the library books.

Partnership Coordinator
Please feel free to ring Partnership Coordinator Florence Slater (040 507 3222) - and ask if we can find someone for you to have a game with.
And don't forget you can come on Tuesday or Wednesday without a partner.
