DID YOU KNOW:

Law 65 D. – ARRANGEMENT OF TRICKS

Arrangement on Result of Play:

A player should not disturb the order of his/her played cards until agreement has been reached on the number of tricks won. A player who fails to comply with the provisions of this law jeopardizes his/her right to claim ownership of doubtful tricks or to claim (or deny) a revoke.

A friendly reminder is needed again to everyone – including rostered “folk” – that the kitchen and tea area should be left clean and tidy ready for the next people to use. It’s not hard work to grab a cloth or wipe down the tables and benches after use....and please remember to push in your chairs!!

\$\$\$ Members are reminded that annual membership fees were due by August 31st.

Sadly, those members who have not paid are now considered non-members hence have to pay non-member table money. If you have had a “senior-moment” and forgotten, please arrange payment immediately to avoid the higher costs. **\$\$\$**

FEELING LUCKY??

TAKE ADVANTAGE OF THE NEW FUN FUND-RAISER BY BUYING A NUMBER - \$2 A NUMBER GIVES YOU THE CHANCE OF WINNING \$20 AND THE NUMBERS EITHER SIDE OF THE WINNING NUMBER GET \$5.

Win Win Win

According to research done in the USA, playing BRIDGE is the equivalent to a narcotic high!

There is also strong evidence that an area in the brain used in playing Bridge stimulates the immune system! Bridge players are **SOCIALLY ENGAGED** and **COGNITIVELY CHALLENGED** – a winning combination

LEARNING CIRCLE:

There are many formats available to ask your partner how many aces (and/or Kings) they are holding – *e.g.*, Blackwood, Gerber, Roman Keycard, CRO, *et.al.*, Whichever format used, partners must be in agreement and the agreed format is to be on the appropriate systems card.
